NORTH-WEST ASSEMBLY.

N. W. T. Officers—Expenditure—The Estimates.

REGINA, Sept. 1.—Mr. Jelly moved, seconded by Mr. Dill, that a humble address be presented to His Honor the Lieutenant Governor-in-Council, praying that he will cause to be laid on the table of this House a return showing the names of all persons employed in the North-West Government offices by him, their salaries and their duties, the number of hours each day they are expected to work, and the total number of days the Government offices were kept open during the year ending 30th June, 1893. Agreed to.

EXPENDITURE.

Mr. Haultain in obtaining leave to introduce a bill to amend the ordinance respecting Revenue and Expenditure said he thought it was undesirable that the Lieutenant Governor-in-Council should have the power as at present to expend as they pleased any moneys not appropriated by ordinance. On two occasions at least sums had been expended in gross violation of the laws of the Territories. The total repeal of the clause he referred to might be undesirable. It might be necessary at times to spend money which had not been appropriated by ordinance. There should be some means to anticipate a vote and an amendment which he thought would meet the needs of the Territories would be found in this bill.

MUNICIPAL ASSESSMENT.

The House went into Committee of the Whole on this bill.

Clause 4, which provides for a municipality raising its own revenue by assessment and collection of rates on all real estate within the municipality, income of its residents, and by a business and license tax and the imposition of such other licenses as are allowed by the municipal ordinance, as hereinafter specified, subject to the following exemptions was after some discussion carried.

Among the exemptions agreed to was the income of a farmer derived from a farm situated in the municipality.

THE ESTIMATES.

Mr. Haultain in moving the House into committee of supply said they had only a small amount of money at their disposal and were not able to stretch out as much as they would like to do. Our local revenue has not been increasing to any great extent since the liquor license came in force. The Federal vote had not come up to the figure that had been looked for. The North-West estimates had usually been based on the federal grant and then sent to Ottawa. Unfortunately the Lieutenant Governor had not taken the advice of the Executive Committee, and last year sent down estimates without having the consent to them of the Executive Committee. The committee found that the estimates had been forwarded to Ottawa and made a formal recommendation to Ottawa on the needs of the country. Their memorial embodied the memorial passed by the house praying for a lump vote and stated that the Governor's estimate did not express the needs of the country and were only prepared from the estimates passed by the Assembly, which were of necessity limited by the amount available. The country had obtained three distinct advances in financial control, and have now arrived at complete control of the money voted. The two main items of vote are education and roads and bridges. The prime needs of the country are efficient primary schools and a thorough system of roads and bridges. Under our educational system a larger portion of the vote is given to the primary schools than in any other province. They receive about 50 per cent, if their expenditure is against 25 per cent in Manitoba. The Territories have obtained a common inspectorate, a common ex-

amination and qualification for teachers and almost completely a uniform system of text books—results obtained practically without friction. The estimates are designed to provide for two resident members of the Executive, and owing to a decrease in clerical assistance to the amount of \$2,170 there is a net increase on the two votes of \$1,100.

The following are the estimated receipts and estimated sums required for the service of the North-West Territories for the fourteen months ending 31st August, 1894. They were assented to with very little discussion:—

ESTIMATED RECEIPTS.

Balance of local funds on July 1st, 1891	\$10,040 69
Dominion appropriation 1893-1894	199,200 00
Special additional Dominion vote 1893-1894	1,324 00
Special supplementary Dominion vote 1892-1893	2,500 00
Estimated receipts from local sources	\$1,000 00
Estimated proportion of Dominion vote for 1894-93 for months of July and August, 1894	30,438 32
	\$274,513 01

ESTIMATED EXPENDITURE.

Printer to North-West Government	260 00
Auditor's salary	250 00
Expenditure under "The Ordinance respecting Infectious Diseases of Animals"	2,300 00
Expenditure under "The Ordinance respecting the Registration of Births, Marriages and Deaths"	1,000 00
Expenditure under "The Hospitals Ordinance"	8,000 00
Expenditure under "The Liquor License Ordinance 1891-92" and amendments	8,980 00
Expenditure under "An Ordinance respecting Infectious Diseases"	1,300 00
For prosecutions and legal proceedings under Ordinances	2,300 00
World's Columbian Exposition. Balance due on contract with "The Western World"	1,100 00
Promotion of Immigration	126 68
Deputy speaker	3,000 00
Executive committee	200 00
Partnership registration books and books and stationery for deputy clerks and sheriffs	6,053 32
Library insurance	180 00
Clerical assistance	135 00
Messengers and caretakers	14,770 08
Schools	1,680 00
Salary of D. J. Goggin	114,000 08
Stationary, telegrams, postage and telephone	3,500 08
Newspapers and periodicals	800 00
Printing and advertising	8,000 00
Contingencies	1,200 00
Light and fuel	1,100 00
Books for library	600 00
Transport and supplies for well-boring machines	1,000 00
Roads, bridges and miscellaneous district expenditure	58,988 01
Travelling expenses	475 00
Advertising shillings of court	25 00
Sheriffs attending court in banc	65 00
Law books for judges	300 00
Inspection of coal mines	900 00
Elections for Legislative Assembly	800 00
Purchase and operation of special well-boring machine	2,500 00
Imperial institute	1,824 00
Refund to Indian departments	50 00
Miscellaneous outstanding accounts	680 00
Reward for apprehension of murderer of P.O. Skelton	200 00
Conveyance of members during winter session of 1892	151 00
	\$274,643 01

CARON JOTTINGS.

Miss Alice Colenutt is visiting in Moose Jaw.

Miss Mable McLeod of Moose Jaw is visiting the Miss Colenutts.

Mr. Horace Hurlburt has moved his family out to the hills south-west of here for the winter.

"During a thunderstorm here on the 8th instant, quite a number of prairie fires were started by lightning, but owing to the rain following so soon afterwards no serious damage was done."

METHODIST DISTRICT MEETING.

The financial meeting of the Regina district was held in the Methodist church, Moose Jaw, on Friday 8th inst. the chairman of the district, Rev. F. B. Stacey, presiding. This district extends from Indian Head to Caron, and from Prince Albert to Buck Lake. The following ministers and laymen were present: Revs. Brown, Stacey, Abbott, Hardman, Small, Reid, McCullagh, Gregory, and Messrs. Dobbin, Hopkins, Sharp and Starr. The morning session was occupied chiefly in tabulating the report from the several missions re amounts promised by the Quarterly Official Boards for ministerial support and grants recommended by the District meeting from the missionary society to supplement local support. It was found that considerably more was promised for this purpose on the District than was raised last year.

During the afternoon session provision was made for holding the annual Missionary meetings over the district and also for meetings on behalf of the Superannuation and Wesley College funds.

A lengthy and very profitable conversation followed on the spiritual condition of the churches on the district.

In the evening a public meeting was held in the church when addresses were delivered by Rev. S. R. Brown, B.A., of Regina, and Rev. J. Woodworth, of Brandon on "Systematic Giving." A most interesting discussion followed Mr. Brown's address. A resolution expressing the sympathy of the members of the district with Rev. W. A. Cooke, of Prince Albert in his serious illness, was presented to Rev. G. F. McCullagh. The thanks of the meeting were tendered to the Moose Jaw friends for their kind hospitality and the benediction was pronounced.

THE BEASEY CHILDREN CONCERT COMPANY.

This unique Concert Co., consists of four sisters, the youngest only eight years of age, the eldest fourteen. Press notices from leading California, Washington and the N. W. T. papers say they are musical marvels of a high order of excellence. The Vancouver Advertiser of last week says:—Their work would do credit to veteran players, in fact some critics pronounced Miss Jennie Beasey the superior of any who have played here except Remeny's. The World said in its notice of the same performance "That their wonderful control of their instrument was such as to excite envy in a master violinist. Miss Jennie Beasey is as pleasing a player as has ever been here and the encore accorded her was hearty and spontaneous."

The people of Moose Jaw and vicinity are to be congratulated that this company has been secured for a date here in the town hall for next Friday evening. It promises to be a musical treat piano and violin such as seldom is to be had even in the larger cities. The Beasey children are natives of California and are on their way with parents to Chicago and the eastern cities thence to Europe. As they have been engaged for the benefit of the Presbyterian Church here. Aside from the high merit of company the entertainment should meet with a liberal patronage and as it has been some time since we have had any thing of the kind the hall will doubtless be filled.

Relief in Six Hours.—Distressing Kidney and Bladder diseases relieved in six hours by the "NEW GREAT SOUTH AMERICAN KIDNEY CURE." This new remedy is a great surprise and delight to physicians on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by W. W. Bala.

FRIDAY, Sept. 15, 1893.

THE 300 EXTENSION.

Within the next ten days the Extension of the St. Paul, Minneapolis and
Sault Ste. Marie Railway from St.
Paul through Minnesota and Dakota to
Moose Jaw will be completed and there
will be a daily passenger service over
it each way. This will give the C.P.R.
a route from the Middle States to the
Pacific coast, about 180 miles shorter
than any of the other transcontinental
railroads. The run between St. Paul
and coast points will be made from 18
to 24 hours quicker than the present
scheduled time. In addition to the ad-
vantage of less mileage there will be
14 hours' less delay now occasioned at
Winnipeg by waiting over night to
make connections with St. Paul trains.
The "300" trains will make close con-
nections at Moose Jaw with the main
line trains so that no time whatever
will be lost.

In discussing the extension the Rail-
way Age, says:—

"Within a few weeks passenger trains
will be running between Boston on the At-
lantic and Vancouver on the Pacific coast
by way of Minnesota as a result of the com-
pletion of the Minneapolis, St. Paul and
Sault Ste Marie railway to connection with
the Canadian Pacific railway at Moose Jaw,
398 miles west of Winnipeg. The opening
of this new route will render the Canadian
Pacific independent of the Great Northern,
through which it has hitherto obtained its
connection with the lines south of Lake
Superior, and will make it a still more aggres-
sive competitor for Pacific coast business.
With three transcontinental lines running
from St. Paul and Minneapolis, one of them
chiefly over foreign soil, the problem of pre-
serving rates will be even more serious than
now."

THE MOOSE JAW CREAMERY.

Three calls amounting to 50 per cent
of the subscribed stock of the Moose
Jaw creamery association have so far
been made by the directors; but of this
amount only \$600 has been col-
lected. The balance due on these calls
is urgently needed for the following
reason:—The directors have secured the
promise of a loan of \$750 at the ex-
ceedingly low rate of 6 per cent. In
order to borrow one of the conditions
of the loan is that 50 per cent. of the
subscribed stock must be paid. When
this is done a joint stock company is
empowered to borrow an amount equal
to 75 per cent. of the paid-up shares.
By paying the balance due on calls and
obtaining the loan no further call will
be made for an indefinite period for
any portion of the unpaid 50 per cent.
of stock subscription. Failing to meet
the calls already made (and making
the loan impossible) will necessitate a
call of the remaining 50 per cent. and,
considering the stringency of the times
this will come hard upon not only
upon those who have not come to time,
but as well upon those who have paid
their calls promptly.

The directors met according to
notice on Wednesday Sept 6th and it
was decided to obtain the loan. At a
subsequent meeting of shareholders and
directors Mr. Watson was appointed to
collect at once the unpaid balances. If
this final appeal has not the desired ef-
fect the directors will be forced to
adopt other measures to secure a
speedy settlement of these obligations.
Objection has been made to paying

calls on the ground that the creamery
is not in operation and no butter will
be made this season. If the directors
are to blame for the existing state of
affairs, then a vote of censure is quite
in order; but in our opinion the onus
is thrown upon those who at a general
meeting of shareholders held on Aug-
ust 11th voted that operations should
not be commenced this year in com-
pliance with a request of Prof. Robert-
son, Dominion Dairy Commissioner,
who held out the promise that the As-
sociation should receive very material
aid from the Government next year.

And anyway whether the directors
are to blame or not are questions quite
apart from the issue. Dereliction of
duty on the part of the directors does
not and cannot excuse in the smallest
particular any shareholders from pay-
ing to the uttermost farthing the
amount of legitimate calls.

It is to be hoped that those who have
failed in meeting their obligations will
see the urgent necessity of doing so at
once and this will enable the share-
holders to pay off the indebtedness on
the plant and place the creamery in
good working shape for next year.

THE POSITION OF CANADA.

Under this title Mr. J. Castell Hop-
ins contributes a very thoughtful and
able article to a recent number of The
Asiatic Quarterly Review. The annex-
ation of Canada to the United States,
so long advocated by Mr. Goldwin
Smith and the late Mr. John Bright,
may be regarded as an exploded idea.
The Canadians are too proud of the
mother country to be likely to entertain
proposals of annexations from their
neighbours. In territory Canada is
larger than the whole United States,
and, according to this writer, constitutes
one-third of the whole British Empire.
"It possesses the greatest extent of
coast line, the most important coal
measures, the most varied distribution
of minerals, the greatest extent of river
and lake navigation, the widest extent
of coniferous forest, the most extensive
and valuable salt and fresh water fish-
eries, the largest and most fertile tracts
of arable and pastoral lands, and the
greatest wheat areas of any country
upon the face of the globe." Canada
possesses to-day 15,000 miles of rail-
way, which includes the Canadian
Pacific (5,400 miles), the greatest rail-
way in the world, in the construction
of which it overcame some of the most
difficult engineering problems ever put
by nature in the way of human enter-
prise. The progress of Canada has
been wonderful. Its development has
been greatly accelerated by the con-
struction of this railway; and although
it cost an enormous sum, the Govern-
ment were determined to carry it
through, and pledged their credit with
that object. The result was that a huge
traffic has regularly passed over the
line, and has enabled the Government
to pay off a large portion of the capital
borrowed to complete its formation.
One great result of this undertaking
has been to promote trade and inter-
course with the different and distant
portions of the vast territories forming
the Dominion, and to sever very much
their connection in trade and com-
merce with the States. Trade has de-
veloped enormously, and at this
moment the British Government has no
more prosperous or wealthy colony than
that of the Dominion of Canada. It
occupies the most prominent place
amongst the rising community of the
world. Its progress during the last 14
years has been made almost incredible
if we look at the following figures:—
Its exports of cattle have risen from 1
million dollars to 8 million dollars;
exports of cheese from 4 to 11½ mil-
lions; home manufactures, 17 to 26
millions; consumption of tea doubled;
coffee from 2 million lbs to 46 millions;
sugar trebled; imports of raw coffee
from 8 million to 46 million lbs., &c.

The political parties in Canada are,
probably, as bitter and determined as
they are in any other part of the world.
Mr. Goldwin Smith, who writes much
on the subject, is not considered a safe
writer, and belongs to that party who
would sever the connection with Great
Britain. Such a policy would be dis-
astrous to Canada in many ways, and
it is opposed to the wishes and aspira-
tions of the people.

Rich on human and horses and all animals

Lotion. This never fails. Sold by W. W.
Bole.

NOTES AND COMMENTS.

The Edmonton Times, a six column
folio published in Edmonton by J. B.
Spurr, is among this week's exchanges.
The paper presents a bright appearance
and we trust will have a successful
career. THE TIMES welcomes its name-
sake to the journalistic field.

People who have read the "Autocrat
of the Breakfast Table" and those who
are familiar with that and Dr. Oliver
Wendell Holmes' other books will be
pleased to read of his attaining his 84th
birthday in the midst of very pleasant
circumstances. He is the same age as
Gladstone, and was born in the same
year as Tennyson, Lincoln, and Darwin.

There are people who criticize in a
cold and unfeeling manner the man who
is trying to do the very things which
they have themselves refused to at-
tempt. They do not see that with all
the blunders and failures he can make,
he is far nobler than they who assure
to know better, yet refuse, through in-
dolence of pride, to put forth a single
effort in the matter. His feeblest at-
tempts out rather to fill them with
shame and humiliation that they have
fallen so far behind him.

In Mr. Haultain's budget speech he
complains of the manner in which the
Dominion government voted money on
the recommendation of Lieut. Gov-
ernor Royal, instead of his advisers. It
might have been expected that the ex-
ecutive committee would have been
consulted, but unfortunately the lieuten-
ant-governor did not seek the advice
of his responsible advisers. The lieuten-
ant-governor sent the estimates to
Ottawa absolutely without the know-
ledge of the executive committee. The
committee found that the estimates had
been forwarded to Ottawa, and made a
formal recommendation to Ottawa on
the needs of the country.

Nine persons out of ten use the teru
coal-oil instead of Kerosene, and even
those that handle it in the trade make
the same mistake. Coal oil has not
been known in this country for thirty
years. It is, or was, the distilled pro-
duct of bituminous, or soft coal, and
was driven out of the market when
petroleum was discovered and after a
refining process had been successfully
developed. It was a yellowish, vile-
smelling fluid, without any resem-
blance whatever to the water-white
kerosene of to-day, save in the fact
that it would burn sometimes, and
was used in place of sperm oil as an
illuminant because of comparative
cheapness. Look on your oil barrels
and see if you can find anything about
coal!

Mr. Enoch Colpitts, of Moose Jaw,
writes thus in the current number of
the Western World:—

"I have lived ten years in the town
of Moose Jaw, and have had a good op-
portunity to become acquainted with
the North-West and its resources. To
settlers of small means I consider it to
be unequalled in Canada or the neigh-
boring Republic. Its rich alluvial soil
and nutritive native grasses give to the
agriculturist immediate returns, which
cannot be obtained in any but a prairie
country. To those who wish to engage
in mixed farming, I believe the Moose
Jaw district to be equal to any in Mani-
toba or the Territories. In proof of
this, 95 per cent. of Moose Jaw wheat
of the crop of 1892 graded No. 1 hard
at Winnipeg and Fort William. Other
grains grow equally well, and the growth
of vegetables is remarkable. Horses
live out all winter, and keep in good
condition, while cattle and sheep re-
quire feeding from three to four
months."

The Hon. T. M. Daly gives a grati-
fying sketch of the condition of the
Indians everywhere throughout the
west. During his two months' trip of
investigation he has paid particular at-
tention to the condition of things in
the reserves. He was not with his
previous knowledge astonished, but
was well pleased with the progress
made by the Indians along all the
avenues of useful occupation opened up
for them by the Dominion Govern-
ment. He says the readiness with
which they adapt themselves to the al-
together strange circumstances of civil-

ization is surprising. At Peace Hill he
saw four hundred acres of splendid
wheat entirely cultivated by Indians
and it was equal to almost any of the
grand crops he had seen in the North-
west. He visited the various indus-
trial schools and found the children
clean and contented. They are learn-
ing different trades, such as printing,
blacksmithing and bootmaking, with
wonderful adaptability.

CARON JOTTINGS.

The residence of Mr. Richard Heard
of sec 28-18-29 was destroyed, along
with all contents by fire last week. The
cause was a defective stove pipe.

Messrs. Milestone, Barrett and
Hitchock spent the first day of the
shooting season among the feathered
tribe in this district and secured be-
tween chickens and ducks in the
neighborhood of one hundred and forty
birds.

Mr. John Purdy has left the employ
of the C.P.R. at this point and has re-
turned to his home in Redpath, Assa.
Mr. Purdy will be missed greatly es-
pecially by the fair sex.

The self binders are put away for the
season and by the number of grain
stacks that are going into prominence
there is going to be quite a lot of wheat
for shipment from this point.

The Locke Case.

JORDAN DAY, N. S., July 10.—Mr.
Samuel Locke, whose wonderful dis-
covery of a rich goldmine of pure
health was mentioned in a despatch
from here last week, has been doing
good missionary work among the sick
and afflicted of this neighborhood. He
has found many cases of kidney trouble,
diabetes &c., and has always recom-
mended Dodd's kidney pills, which
worked such a grand cure in his own
case. The virtues of this remedy are
becoming widely known in this section
and it has grown very popular. Mr.
Locke informed your correspondent
that he was constantly receiving in-
quiries concerning his illness and the
beneficial results of his use of Dodd's
kidney pills. His invariable reply is
that the pills "are everything that is
good." Enquiry shows that the mer-
chants find it difficult to keep a supply
of pill in stock, so great is the demand
for them.

NOTICE TO FARMERS.

I am now ready to give every
attention to the Farmer's pat-
ronage. Livery rigs on hire
at reasonable rates.

Give us a call

A Wagon Load Of Money

does not necessarily imply content
and happiness on the part of its
possessor. It is not money that
gives us pleasure, but the things
that money will buy.
Some people spend money fool-
ishly, and fancy they find enjoy-
ment in doing it, but the pleasure
is more fancied than real. No man
who buys

The McCormick No. 4 Steel Mower

can ever be accused of spending
money foolishly, and he'll find a
hundred reasons to convince him of
his wisdom.

We are building the No. 4 to
meet the demand for a really su-
perior mower, one that embodies the
prime requisites of durability, con-
venience and light draft.

You'll like this mower; not merely
because thousands of other farmers
like it, but because it is a really
likeable machine. If you are going
to buy a mower you ought to see
the No. 4.

Get the McCormick Catalogue any way.

The Undiscovered Country.

Could we but know
The land that ends our dark uncertain travel
Where lie those happier hills, and meadows
low—
Ah, if beyond the spirits' inmost cavel,
Aught of that country could we surely
know,
Who would not go?
Might we but hear
The hovering angels' high imagined chorus
Or catch, betimes, with wakeful eyes and
clear,
One radiant vista of the realm before us—
With one rapt moment given to see and
hear,
Ah, who would fear?
Were we quite sure
To find the peerless friend who left us lonely
Or thereby some celestial stream as pure,
To gaze in eyes that here were levelled only—
This weary mortal coil, were we quite
sure,
Who could endure?
EDMUND CLARENCE STEDMAN.

SALMAGUNDI.

To point a moral and adorn a tale!
—JOHNSON

"Sincerity and politeness can and ought to go side by side, and they would do so if they were both esteemed and cherished at their real worth. It is not the exaggeration of either that is at fault; no one can be too polite. It is the absence of either that is to be deplored; yet some will even pride themselves upon the lack of one, as if it showed their great loyalty to the other."

"How many take a wrong view of life, and waste their energies in trying to heap up wealth without thinking of the present happiness they are throwing away. It is not wealth or honors that make us happy—many of the most wretched beings on earth have both—but it is a radiant, sunny spirit, which knows how to bear little trials and enjoy little comforts, and thus extract happiness from every incident of life."

"There is no such thing as utter failure to one who has done his best. Were this truth more often emphasised there would be more courage and energy infused into sad and despairing hearts. The compensation may seem shadowy and afar off, but it is not so. It attends every one who is conscientious, painstaking and resolute, and will not desert him, whatever may be the fate of his exertions in other respects."

"To make life happy take time. It is of no use to fume or fret, or do as the housekeeper who has got hold of the wrong key, and pushes shakes and rattles it about the lock till both are broken and the door is still unopened. The chief secret of comfort lies in not suffering trifles to vex us and in cultivating our undergrowth of small pleasures. Try to regard the present vexations as you will regard them a month hence. Since we cannot get what we like let us like what we can get."

It is not altogether surprising that considerable misapprehension should exist in many quarters as to the actual position and amount of authority which the House of Lords holds in the composition of Parliament. A common error seems to prevail, and it is not confined to this country alone, that, for the purposes of any great constitutional or legislative change, the House of Commons is all powerful, and that in no matter of any great moment, even though it involves a complete revolution in our mode of government, an entire and experimental reconstruction of those safeguards for the property and personal liberty of a large class of the Queen's subjects which have their foundation in the common law of the land, is its judgment and verdict to be gainsaid or questioned. The error is the more widespread, as it has of late been sedulously fostered and promulgated for party purposes, so that by its constant reiteration in various forms, either of denunciation, or threat, or warning, people have been led in many cases to believe that the House of Lords is in reality nothing more than a

chamber for the registration and approval of the decrees of the other House, the latter holding the absolute power to loose or to bind as it pleases.

Modern man is weighted with traditions he cannot sustain. Among other things, he is supposed to be incapable of venting his emotions in tears. He may laugh, sneer, rage, swear, but weep never. This sounds so well that it seems rather a pity it is untrue; for in point of fact there are many men who cry, nor is there any cogent reason why they should not. The well of the hearts' emotions being filled to overflowing, what more natural than it should adapt means of emptying itself? In almost all grades of life are to be found instances of this being done. The pulpit supplies some. Who has not listened to the preacher whose fullness of heart upon some touching occasions has choked his utterance by emotion and bedimmed his eyes with tears? Singers know what this experience is. A good song well sung will appeal to the performer equally as much as the hearer. Sims Reeves' "Tom Bowling" was a masterpiece of emotional feeling, which always affected the great tenor visibly. Mario has been known to break down from this cause. On the night that Charles Dickens put an end to the career of little Paul Dombey, he has told us that he went into the darkest streets and found solace in tears. And who can read the touching death-scene of little Nell in the "Old Curiosity Shop" without being similarly overcome! The platform furnishes instances likewise. The most successful orators are those who are susceptible to the emotion which they have the power to arouse in others. Instances such as these seem to go to prove that there are men who virtually cry, and who, moreover, have no need to be ashamed of what at first sight appears an effeminate proceeding. Perhaps, after all, it only betokens the possession of a genuine, unaffected nature, easily moved and quickly touched. Such natures are not to be despised for an outward indication of emotion which is anything but weakness.

TOWN COUNCIL.

A regular meeting of the Moose Jaw Town Council was held in the Clerk's office on September 11th 1893.

Present: Mayor Grayson; Councillors Fysh, Ferguson, Hannah, Neeland Stunt and Simington.

ACCOUNTS AND COMMUNICATIONS.

Moore & McDonald re lumber
Robt. Kerr re rate on lumber
R. Bogue re sidewalk.

H. Battell \$28.20
C.P.R. Telegraph .45
R. Bogue 25.90

Communications from Moore & McDowell, Robt. Kerr and R. Bogue was referred to the Board of Works.

Neeland—Fysh—That the accounts of the C.P.R. Telegraph Co. for 45cents and of H. Battell for \$28.20 be paid.—Carried.

Fysh—Ferguson—That the Finance Committee be authorized to have debentures printed. Also ascertain amount of money required for present needs and best means of obtaining the same. That committee report to the council at the call of the chairman.—Carried.

Neeland—Hannah—Whereas Wm. Whyte, Esq., Gen. Supt. C.P.R., J. A. M. Aikens, Esq., Q. C., and R. J. Whitham, all of Winnipeg, were on the 6th inst. shooting game in the vicinity of Moose Jaw; and whereas the said gentlemen were the guests of our respected citizens, Messrs. C. W. Milestone and A. Hitchcock, on that occasion, and it is stated the said gentlemen from Winnipeg were rudely and unnecessarily interfered with and subjected to annoyance by a game guardian for this district; and whereas the said game guardian stated to these gentlemen that he had been directed by the people of Moose Jaw to stop the said shooting of game. Resolved that this council claim to represent the people of Moose Jaw and on behalf of the citizens of Moose Jaw hereby repudiate and disclaim all responsibility for the disconcerting acts of the said game guardian and we regret very much that the name of the citizens of Moose Jaw has been used in connection with the said disconcerting acts. And that copies of this resolution be forwarded to the gentlemen who have been aggrieved.—Carried.

GENERAL NEWS OF THE DAY.

Hon' Chas H. Tupper has been made a Knight Commander of St. Michael and St. George.

A large elevator and engine house were burned at Griswold, on Sunday night. The elevator contained 25,000 bushels of new wheat.

Letters just received in England from an officer in the Emin Pasha expedition confirm the report of Emin's murder.

Chas. Adams was elected at the by-election in Brandon on Friday last over W. A. McDonald the Opposition candidate.

Dr. Barnardo, the English Philanthropist, is on a visit to north-western Manitoba.

The supposed case of Asiatic Cholera in London turns out to be a case of ordinary cholera morbus.

Mrs. E. B. Eddy, wife of the great manufacturer is dead.

The barley crop is short in Great Britain.

The Irish Home Rule Bill has been rejected by the House of Lords, on a vote of 419 to 49. Preparations for a demonstration were stopped by the police.

The managers of a London Music Hall have secured £300 damages against Miss Lottie Collins for failing to sing Ta-ra-ra according to contract.

The British House of Commons is in an unsanitary condition.

Mrs. Cleveland, wife of the President has given birth to a girl.

The Things We Prize Most
are not the gewgaws and gimcracks we gather about us. Every life, of course, has its sacred time-honored treasures, but in this practical work-a-day world man is prone to value most those things which serve him best. Not much sentiment in this, perhaps, but some sense all the same.
The McCormick Machine of Steel
takes first rank the world over. Hundreds of thousands of grain growers call it the best harvester and binder that ever went into a grain field, and they prize it accordingly. It isn't sentiment with them—it's just plain, old-fashioned common sense. They like it best because it serves them best. It costs more money than some harvesters, but that's because it's more valuable. Its advantages more than offset the added cost.
The "Machine of Steel" is built to harvest the grain crop of the world, and to do it better than any other machine.
Perhaps you may care to know more about this harvester. Our catalogues will interest you.

Do not ask for School Books on credit.

W. W. BOLE'S.

The Moose Jaw Times.

FRIDAY, SEPT. 15, 1893.

LOCAL AND GENERAL NEWS.

Mr. W. T. Barrett, mail clerk, takes the run from Calgary for a few trips.

The Masonic hall is now ready for occupation.

See Dr. Size's change of advertisement, also date of visit. 13c.

Rev. W. L. Clay attended the meeting of the Regina Presbytery at Broadview on Wednesday.

Mr. W. R. Campbell has commenced to brick-vener his store. When completed it will present a fine appearance.

The Calgary Herald now appears semi-weekly instead of daily. It has come out in new dress and presents a bright and attractive appearance.

The many friends of Mr. H. H. McCulloch will regret to hear of the death of his infant child which occurred on Wednesday morning in Calgary.

Mrs. Chas. Cowan and mother, Mrs. M. McBride, who have been visiting friends at Banff, returned home on the 1st instant.

Rev. F. B. Stacey preached at Caron and Carmel on Sunday last to large congregations, and administered the sacrament at close of each service.

Every body who visit us and see the bricks of Mr. James Brass, of Moose Jaw, speaks in the highest terms of their strength and finish.—Regina Leader.

Rev. W. W. Abbott, B.A., of Boharm, left of Friday last for Prince Albert to take the work of Rev. W. A. Cooke who is confined to his room with typhoid fever.

Rev. J. Woodsworth, Superintendent of Missions, preached in the Methodist Church on Sunday last, morning and evening to large congregations.

Mr. James Hood wishes to announce to the public of Moose Jaw that he has received his usual fall stock of material. Ordered boots and shoes a specialty. Repairing done at shortest notice. Prices moderate. 12c.

Rheumatism Cured in a Day.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by W. W. Bole, Druggist.

Chief Despatcher A. Wilcox returned from his trip to his old home in Owen Sound on Saturday last, looking as though the holiday had agreed with him. Mr. Wilcox states, however, that Moose Jaw satisfies him to a dot. He wouldn't live in Ontario if he had a present of the whole province.

Mrs. Tessa Hyland, left for her home in Broadview on Tuesday.

Mr. P. Garvin, taxidermist, left for his home in Carleton Place, Ont., on Wednesday.

Miss McKnight, who has been visiting her sister Mrs. John McNeil, left for her home in Broadview, on the 5th inst.

Mrs. G. M. Annable who has been spending a few weeks with relations at Winchester, Ont., returned home on the 1st inst.

Rev. F. B. Stacey preached a very impressive sermon to the members of the R. T. of T's, on Sunday the 4th inst.

The Medicine Hat Agricultural Society will hold their seventh annual exhibition on Sept. 27th and 28th.

Train-dispatcher Purdon left on a trip to Ontario on Saturday last. When he returns he will bring Mrs. Purdon and family with him.

Mrs. John Fraser, accompanied by her sister-in-law, Miss Tena Fraser, of Lethbridge, are the guests of Mrs. A. Mills and E. Stephenson, of Pasqua.

English Spain Liniment removes all hard, soft or calloused Lumps and blemishes from faces. Blood Spavin, Curbs, Splints, Ring Bone, Sweeney, Stiles, Sprains, Sore and Swollen Throat, Coughs, etc. Save \$50 by using one bottle. Sold by W. W. Bole.

We have before us some splendid red brick made by Mr. James Brass, of Moose Jaw. We have heard builders declare that they are solid brick of the first quality.—Regina Leader.

Boharm congregation was pleased to hear their former pastor Rev. E. Gregory, of Saskatoon. Mr. Gregory has many friends here who are pleased to hear of his success in the north.

Mrs. T. E. Birbeck and children left on Friday morning bound for St. Paul where she will join her mother, Mrs. J. E. Welsh, who is on a visit to relatives. Mrs. Welsh will accompany Mrs. Birbeck on her return.

Mr. and Mrs. Walter Little lost their youngest child, a little girl, on Tuesday. The funeral took place on Wednesday. The bereaved parents have the sympathy of the community in their affliction.

Don't miss the musical treat of the year. Piano and Violin concert by the California Child Wonders, in the Town Hall, on Friday evening, Sept. 22nd. Usual Prices, get your tickets at W. W. Bole's drug store. Benefit of the Presbytery church.

A freight train which passed through Moose Jaw on Friday last carried with it evidences of Canadian manufacturing institutions. Part of the train consisted of six flat cars on which was placed the material for eleven others, all bearing the legend ad. that they were built by the Crossen Car Works of Cobourg, Ont. The words "Victoria and Sydney" on the cars gave rise to an erroneous supposition that the rolling stock was intended to form part of the plant of a railroad in Vancouver Island, but enquiry elicited the fact that they were going to cross the ocean to Australia. The new Canada-Australian service instituted by the C.P.R. has made trade with our sister colony profitable.

'Tis no joke for a gentleman to pay \$20 a month for board, go out hunting and secure enough game to feed the table, and in return it turns out that the dainty dish is that of a tame goose belonging to a private citizen, which had strayed to the river for its watery beverage, and the hasty sportsman drew fire upon it without detecting the difference. However, he was highly enlightened by its owner who at once claimed its price. The sportsman seeing that he was corralled, gladly corresponded with his opponent (that it was a tame goose), and that he was sorry he did not detect the difference before firing. The price was made good but no reduction was made in the board bill. This is a "case" were he did not want law.

Wheat cutting is nearly completed in this section and stacks are beginning to loom up.

Chas. A. Anderson has returned to his old homestead to complete his harvesting. Since coming to Pasqua he has been so favorably impressed with the district that he has decided to remain with us for the winter.

Mrs. Henry and Miss McGee have returned from their visit to Banff and other western towns. They will spend a few days with friends here before returning to their home in Toronto by way of Chicago, having taken in the World's Fair.

We are pleased to report that Mr. and Mrs. E. Stephenson who were both confined to their rooms are slowly but steadily improving.

Things are booming on the "Soo" road. Two car loads of horses arrived from the east to convey tie to the front. Four and a half miles of steel per day is being laid, and it is expected that the last rail will be laid on Saturday. The telegraph gang have begun operations and we expect by next week to see a train service established on the Soo, making close connections with Nos. 1 and 2, at Moose Jaw.

Joseph Hughes has returned from the Hills and removed the house formerly occupied by Mr. Robb, to his ranch.

Miss Nettie Delagety we are pleased to state, is able to enjoy the open air after her recent sickness.

Rev. W. E. Brown and Mr. T. E. Birbeck left this week to attend the meeting of the first general synod of the Anglican Church in Canada to be held in Toronto commencing on the 16th inst. All the bishops of the Anglican Communion in Canada except the bishops of Mackenzie River and Selkirk will be present at the Synod besides other distinguished delegates both lay and clerical from every diocese. Questions of the greatest importance connected with the consolidation of the present organization of the church will be discussed and it is probable will be definitely settled. Our townsmen will return via Chicago.

AN ILL ADVISED ACTION.

It was not our intention to refer to the action of game-guardian Meller in molesting Mr. Whyte and his party when shooting recently at Caron, save as an item of news in our local column. The occurrence has, however, been made the topic of so much street-talk, and has been discussed with so much warmth, that we propose to deal with it in quite another manner.

It is a sorry advertisement for the town of Moose Jaw that the Superintendent of a railway on which the town depends mainly for its support, and a gentleman withal to whom the town is indebted in many ways, could not be permitted to spend a holiday amongst us without being insulted,—particularly when he was here as the guest of two of our prominent citizens. Suppose the occurrence to have taken place last year when it was not definitely settled where the Soo Road would run, what a beautiful howl would have been set up by newspapers that are published not a thousand miles from—oh, say Pense!

As far as the part Mr. Meller played is concerned we can dismiss it in a few words. Mr. Meller is a game guardian, and, as such, has a perfect right to see that the game law is observed. And moreover if Supt. Whyte was guilty of a deliberate violation of the law should be punished just as though he were plain Bob Smith. If the knowledge that Mr. Whyte had observed the provisions of the game ordinance was all that Mr. Meller wanted, a telegram to Regina would have obtained the information, and it would certainly have cost less than a drive of thirty-two miles.

But those persons who induced Mr. Meller to go to Caron (whether by complaints or by suggestion is not to the purpose) never dreamt that Mr. Whyte and his party had licenses. They thought he would be caught in a nice box. They had visions, doubtless, of an information and an unpleasant investigation. But they were only visions. These individuals were actuated by a desire to strike a covert blow at a gentleman who is socially and in a public way above them; and by their loud talk over the affair—if they could only see it—they are simply advertising the fact that they were the instigators in the matter.

PASQUA NEWS.

Wheat cutting is nearly completed in this section and stacks are beginning to loom up.

Chas. A. Anderson has returned to his old homestead to complete his harvesting. Since coming to Pasqua he has been so favorably impressed with the district that he has decided to remain with us for the winter.

Mrs. Henry and Miss McGee have returned from their visit to Banff and other western towns. They will spend a few days with friends here before returning to their home in Toronto by way of Chicago, having taken in the World's Fair.

We are pleased to report that Mr. and Mrs. E. Stephenson who were both confined to their rooms are slowly but steadily improving.

Things are booming on the "Soo" road. Two car loads of horses arrived from the east to convey tie to the front. Four and a half miles of steel per day is being laid, and it is expected that the last rail will be laid on Saturday. The telegraph gang have begun operations and we expect by next week to see a train service established on the Soo, making close connections with Nos. 1 and 2, at Moose Jaw.

Joseph Hughes has returned from the Hills and removed the house formerly occupied by Mr. Robb, to his ranch.

Miss Nettie Delagety we are pleased to state, is able to enjoy the open air after her recent sickness.

McINTOSH CONGRATULATED.

OTTAWA, Sept. 11.—C. H. McIntosh M. P., is receiving shoals of letters and telegrams on his prospective appointment to the North-West governorship. D. A. Macdonald, formerly postmaster-general in the Mackenzie Government and lieutenant-governor of Ontario, thus concludes his letter of congratulation: "I have no doubt the Dominion at large, Liberal and Conservative alike, will unite in approving the choice made by the Government in selecting you."

NOTICE

THE following is a summary of the Regulations with respect to the manner of recording claims for MINERAL LANDS other than Coal Lands, and the conditions governing the purchase of the same.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with a view to obtaining a mining location for the same, but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location of claim.

A location for mining, except for Iron or Petroleum, shall not be more than 1,500 feet in length, nor more than 300 feet in breadth. A location for mining Iron or Petroleum shall not exceed 160 acres in area.

On discovering a mineral deposit any person may obtain a mining location, upon marking out the location on the ground in accordance with the regulations on that behalf, and filing with the Agent of the Dominion Land for the district, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing with the Local agent that he has expended \$500 in actual mining operations on the claim, by paying to the Local Agent therefor \$50 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS,

Deputy of the Minister of the Interior.

Department of the Interior, Ottawa, July 1890. 3c.

Homestead Regulations.

All even-numbered sections of Dominion Lands in Manitoba or the North-West Territories, except 8 and 20, which have been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is sole head of a family, or male over eighteen years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office in which the land to be taken is situated, or if the homestead entry may not be made, on application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been occupied an additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in three ways, and on making application for entry the settler must declare under which of the following conditions he elects to hold his land:—

1. Three years' cultivation and residence during which period the settler may not be absent for more than six months in any one year without forfeiting the entry.

2. Residence for two years and nine months anywhere within two miles of the homestead quarter section, and afterwards actual residence in a habitable house upon the homestead for three months next prior to application for patent. Under this system 10 acres must be broken the first year after entry, 15 additional in the second, and 15 in the third year; 10 acres to be in crop the second year and 25 acres the third year.

3. The five years' system under which a settler may reside anywhere for the first two years (but must perfect his entry by commencing cultivation within six months after the date thereof), breaking five acres the first year, cropping three 5 acres and breaking 10 acres additional the second year, and also building a habitable house before the end of the second year. The settler must commence actual residence on the homestead at the expiration of two years from the date of entry, and thereafter reside upon and cultivate his homestead for at least six months in each of the three next succeeding years.

APPLICATION FOR PATENT

may be made before the local agent, or any homestead inspector. Before making application for Patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands his intention to do so. When, for convenience of the settler, application for patent is made before a homestead inspector, a fee of \$5 is chargeable.

SECOND HOMESTEAD

may be taken by anyone who has received a homestead patent or a certificate of recommendation conferred by the Commissioner of Dominion Lands upon application for patent made by him, or had earned title to his first homestead on, or prior to the second day of June, 1890.

INFORMATION.

Full information respecting the land, timber, coal or mineral laws, and copies of these Regulations, as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Dominion Lands, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the North-West Territories.

A. M. BURGESS,

Dep. Min. of the Interior.

NOTICE.

A special meeting of the shareholders of Moose Jaw Creamery Association (Ld.) will be held in the Town Hall, on Wednesday the 6th of September at 8 o'clock p.m., for considering the by-law for borrowing money on the property of the company.

Directors' meeting will be held same day and place at 1:30 p.m.

By Order J. H. GRAYSON, Secy.
